Substitutions

The core roster is used to determine the total team rating. Teams may substitute a player in any round but the substitute must be rated the same or lower than the person being replaced. The team captain must notify the opposing captain prior to the start of the round if a substitution will be used. The total team rating remains the same throughout the event as determined by the core roster. Eligibility requirements are strictly-enforced.

Substitutions for Nationals must be local league players and agreed upon by the entire team roster from the Sin City Tournament or forfeiture of travel expenses may be enforced and you will be banned from future league play. The travel fund is funded by the players and must go to the players of this league.

Team Rating Changes

There is a 10-point per core player team rating cushion. If a team is eligible for a division at the time of registration but one or more members' ratings naturally increase afterwards to push them over the limit plus the cushion, it has the following options:

Option 1: Replace one or more players to get back within the division limit (must still meet other eligibility requirements).

Option 2: Play and accept a one-game penalty in each match for every 50 points over the cushion. Example: A Team is below the 2,800 limit at the time of registration but their team rating naturally increases to 2,843 (43 pts. over the cushion). They will incur a one-game penalty in each match. If their rating naturally increases to 2,877 (77 pts. over the cushion), the team will incur a two-game penalty in each match.

Individual Rating Increases

There is a 10-point individual rating cushion. If an individual (male or female) is rated 720 or lower in Mixed Teams at the time of registration, but his or her rating naturally increases above 730 (Mixed Teams), the team has the following options:
